

## **ASSET EXAMINATION 2026-27**

Dear Parent,

*Greetings from Al Khozama!*

We would like inform you that **the Asset Examination for students of Grades 3 to 10 will begin on 03<sup>rd</sup> May 2026.**

**ASSET, Assessment of Scholastic Skills through Educational Testing** is a skill-based test that measures students conceptual understanding, benchmarks school's performance at an **International, National and Regional level** with actionable insight. The evaluation will be conducted online. It requires no prior preparation as it is a diagnostic tool for assessment. Rather than testing rote learning, it focuses on measuring how well **SKILLS and CONCEPTS** underlying the school syllabus have been learnt by the student, through multiple-choice questioning. The test provides detailed skill-wise feedback highlighting strengths and weaknesses of individual students and also the entire class. It also provides a benchmark of the student's performance with peers all over the country.

Please make sure the child is present for the test as it aids them to prepare for critical thinking, problem solving and application of their learning. There shall be no re-test administered for these tests. ASSET Examination Results will help in the cautious analysis of your ward's potentiality and thus will help us work upon it for further upliftment in future.
